

- 1) North Marin Water District continues to strictly enforce the current Emergency Water Conservation Ordinance (Ordinance #22) which prohibits waste and non-essential use and mandates a 25% reduction in water use compared to 2004. Staff patrols the District service area on a daily basis and staff responds to anonymous reports of water waste of non-essential uses of water prohibited by Ordinance #22. To date, 175 enforcement actions have been taken, with 24 enforcement actions taken in the month of September.
- 2) North Marin Water District has placed weekly water conservation advertisements in the Novato Advance newspaper during the month of September.
